February 02, 2017

'Good Morning Namibia' interviewed MSH Country Director Evans Sagwa about the Systems for Improved Access to Pharmaceuticals and Services (SIAPS) project, funded by USAID and implemented by MSH. In the interview, Sagwa spoke about the importance of strong pharmaceutical systems and SIAPS' impact on the country. Among other topics, Sagwa discussed SIAPS' work to improve the availability and accessibility of medicines, fight against HIV and AIDS, and strengthen the health system in Namibia.
